## CES: Second cohort thesis defense

The twenty-six students of the [Regional Master Programme](#) with the two-year duration defended their theses on June 5 and 6, 2014 at the Centre for European Studies of the Yerevan State University of Armenia. The members of the examination committee were the lecturers from all four partner-universities. The topics chosen for the theses were of wide range and involved various fields that may trigger the students' interest. The contemporary issues and questions were tackled in the spheres of legislation, economy, human rights and democratization and governance.

In general, both the students and members of the committee were contented with the results of the work carried out within these two years and also with the marks graded for the thesis defense.
