Cinema and Human Rights during Venezia74

Our congratulations to **Biennale Cinema2017** for its **Venezia74**, this year the Film Festival presented many movies interested in HumanRights and Global Goals, as "Downsizing", "Human Flow", "Sweet Country", "The Insult", "Mektoub, my love: canto uno", "Una famiglia", "The Leisure seeker".

As EIUC Press Office we attended conferences and debates with actors, directors and producers, as meetings for fundraising events. Cinema can help our vision to reach our goals.

You could watch our video during #BiennaleCinema2017 days on [Facebook Page](#).

Waiting for #BiennaleCinema2018
