## EIUC Study for the EP

The **European Parliament** has contracted EIUC to conduct a study on “**the impact of the resolutions and other activities of the European Parliament in the field of human rights outside the EU**”. Having formed a study team consisting of seven independent academics and experts in the fields of Human Rights and the European Union, EIUC has in the course of 2006 successfully completed this study and has submitted it to the European Parliament both in a complete and in a condensed version. It is anticipated that the Parliament will further consult the EIUC expert team regarding the implementation of some recommendations included in the study.
