E.MA Students in Kosovo

The students of our Master's Degree in Human Rights and Democratisation (E.MA) have reached Kosovo for their annual field trip.

They are undertaking very interesting and lively debates on Human Rights with the major International Organisations, National Institutions, Political Parties and different actors from the Civil Society and guess what? They are breaking the news! Find them in the different articles:

- [Visit of students at EULEX](#)
- [Handover of books to the Kosovo Court of Appeals](#)
- [On Gazeta Express](#)
