GC Photography Competition | Deadline extended

Due to the short timeline, the Global Campus of Human Rights have decided to postpone the deadline of the [GC Photography Competition](#) “Migrants and Community Action” to the 14th July 2014.

We invite all GC Students and GC Alumni to focus on migrants rights and cooperation and to share their personal view on the topic through their photos. Remember, by “student” we mean any person currently enrolled in an undergraduate, post-graduate or doctoral course of the [participating universities](#). The participant status must be established by giving a reference (detailed of a person or copy of an official document of a university or academic institution).

Further information, submission guidelines and more at www.visualisingdemocracy.org.
