10-11/05/2012: EIUC will participate in the 33rd ECCHRD meeting in Berlin

On **10-11 May** EIUC will participate in the **annual meeting of the European Coordination Committee on Human Rights Documentation (ECCHRD)** that will be hosted by the Deutsche Institut für Menschenrechte (German Institute for Human Rights) in Berlin.

As usual this meeting is a moment to share knowledge about new tools and projects related to human rights information and documentation science.

This year the EIUC librarian, **Ms Stefania Saccarola**, and the EIUC IT Officer, **Mr. Nicola Tonon**, will present a project they are developing about a new research and discovery tool that will aggregate in a unique access point all the electronic resources made available by EIUC.
