Welcome to the new students of the E.MA 2012/2013

EUUC is pleased to welcome the new students of the [European Master's Programme in Human Rights and Democratisation \(E.MA\)](#) 2012/2013 arriving today and tomorrow! The cloister and the entire premises of the monastery, which have been hosting E.MA students since 1998, are soon to be animated by another crowd of 90 students coming from all regions of the world. The E.MA Academic Team - under the guidance of Dr. Angela Melchiorre, E.MA Programme Director - has been busy preparing the arrival of a new generation of “masterini” who will start the *E.MA connection* through two days of orientation. As new inhabitants of the EUUC – Human Rights Village students will get familiar with its Aula Magna, library, wireless areas and other rooms devoted to study and workshops.

We wish our students an excellent start and an enriching E.MA year in the name of human rights, democratisation, peace and development!
